S04: Improved governance and conflict prevention and reduction of forced displacement and irregular migration

Key S04 outputs

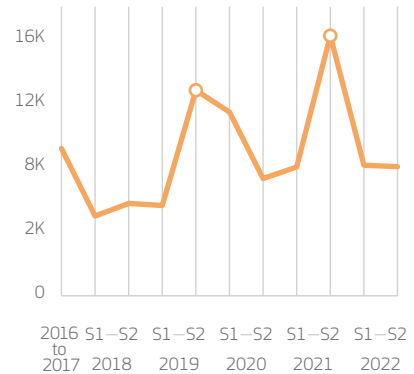

Non-cumulative EUTF S04 outputs

People trained on governance and conflict prevention (EUTF 4.2)

People participating in conflict prevention activities (EUTF 4.3)

Strategies and laws developed (EUTF 4.6)

<p>Increase in S1 2019 (8,584) The Security and Rule of Law programme (Somalia), SPRS-NU DRC project (Uganda) and Cross-Border programme (regional), which contributed to 19%, 15% and 12% of all reported results respectively, implemented key conflict prevention activities for social cohesion and security actors in S1 2019.</p> <p>Drop throughout 2020 (S1: 3,173 and S2: 3,159) The two smallest semester outputs were reported in 2020, as projects reached fewer people with governance and conflict prevention trainings during the COVID-19 pandemic, and one of the key contributing projects, SPRS-NU DRC, slowed down activities as it came to an end in September 2020.</p> <p>Increase in S2 2022 (10,201) SUPREME JLOS MoJCA began implementation at the end of 2021 and reached the largest number of people trained by a project in a single semester in S2 2022 by training more than 4,000 individuals, mostly justice and ministry officials and community policing officers, in Uganda.</p>	<p>Increase in S1 2020 (145,072) followed by a drop in S2 2020 (17,833) At the height of its implementation, the first phase of the Cross-Border programme together with Self-reliance of South Sudanese refugees in DRC, reached 96% of individuals participating in conflict prevention activities in S1 2020.</p> <p>Largest semester output reported to date in S2 2021 (505,841) Kenya-EU partnership NCTC's mass awareness radio and online campaigns reached more than 400,000 Kenyans across the country.</p> <p>Drop in S1 2022 (58,990) followed by an increase in S2 2022 (303,919) Kenya-EU partnership NCTC reported the second-largest project output ever in S2 2022 before ending in December. The project reached 46% of all conflict prevention activity participants reported to date, while 69 other projects have also contributed to conflict prevention up to December 2022.</p>	<p>Increase in S2 2019 (127) Throughout the EUTF, most strategies and laws have been reported in Somalia. RESTORE 2 WV (Somalia), responsible for 11% of all laws and strategies supported to date, began implementation in 2019 and, along with seven other projects, contributed to 77 new strategies or plans developed on legal assistance and other topics in Somalia in S2 2019.</p> <p>Increase in S2 2021 (161) S2 2021 accounts for the largest semester output ever reported, thanks to 104 policies supported or developed in South Sudan through six projects. Key to this was South Sudan Women Empowerment Dorcas, which began implementation in S1 2021, and supported the development of 78 community action plans on gender the following semester.</p>

S04: Improved governance and conflict prevention and reduction of forced displacement and irregular migration

Abbreviations and acronyms

DRC	Danish Refugee Council
JLOS	Justice, Law and Order Sector (Uganda)
MoJCA	Ministry of Justice and Constitutional Affairs
NCTC	National Counter Terrorism Centre (Kenya)
P/CVE	Preventing and countering violent extremism
RESTORE	Building Resilience in Northern Somalia
S04	Improved governance and conflict prevention and reduction of forced displacement and irregular migration
SNNP	Southern Nations, Nationalities, and People's Region (Ethiopia)
SPRS-NU	Support Programme for Refugee Settlements in the Northern Uganda
SUPREME	Security, Protection, and Economic Empowerment
WV	World Vision

Footnotes

1. Projects with S04 priority have a larger budget allocation to S04 than to any other Strategic Objective, per the MLS portfolio analysis.
2. The colours on the map represent the number of S04 priority projects in each region. However, the key outputs selected highlight notable results achieved by EUTF projects, and do not always correlate with the number of projects present in a given area.
