Footnotes

1. Throughout this section, the term 'TVET' also includes other forms of skills development.
2. Projects with SO1 priority have a larger budget allocation to SO1 than to any other Strategic Objective, per the MLS portfolio analysis.
3. The colours on the map represent the number of SO1 priority projects in each region. However, the key outputs selected highlight notable results achieved by EUTF projects, and do not always correlate with the number of projects present in a given area.
