Footnotes

- Throughout this section, the term 'TVET' also includes other forms of skills development.
- Projects with SO1 priority have a larger budget allocation to SO1 than to any other Strategic Objective, per the MLS portfolio analysis.
- Geographical data disaggregation has not been possible for many Somalia projects, and as a result, regional output data provided for Somalia is significantly underrepresented.
- The colours on the map represent the number of SO1 priority projects in each region, while the key outputs selected highlight notable results achieved by EUTF projects. However, the number of SO priority projects does not always correlate with the most significant collective outputs (because a single project could be responsible for an extremely large output, for example).
- The S1 2023 output reported here differs from the 6,102 beneficiaries reported in the previous infographic, which is attributable to data corrections from the IP for CRRF ET Job Creation MC (Ethiopia), retroactive data reported by ILED ISED NIS (Somalia), delayed data verification for JPP UNOPS (Somalia) and minor mapping revisions for Cross-Border BORESHA III DRC (Regional).
- The S2 2019 output reported here differs from the 42,233 beneficiaries reported in the previous infographic, which is attributable to minor remapping revisions for RDPP ET Plan, RESET II ACF and RESET II REAL iDE (Ethiopia), RDPP KE UNHCR (Kenya), and RESTORE 2 DFN (Somalia).
- The S2 2020 output reported here differs from the 57,299 beneficiaries reported in the previous infographic, which is attributable to minor remapping revisions for RESTORE 2 DFN and RESTORE 2 WV (Somalia) as well as RISE ACF (Uganda), SSRD FAO and SSRD WV (South Sudan).
- The S2 2022 output reported here differs from the 82,378 beneficiaries reported in the previous infographic, which is attributable to minor remapping revisions for SSRD FAO, SS Women Empowerment DCA and SSRD WV (South Sudan), as well as for RISE ACF and SUPREME Livelihoods WV (Uganda), and CRRF KE Self-Reliance project (Kenya).
- The S1 2023 output reported here differs from the 59,673 beneficiaries reported in the previous infographic, which is attributable to major remapping revisions for SSRD FAO (South Sudan), RISE ACF and SUPREME Livelihoods WV (Uganda), Alianza Shire (Ethiopia), CRRF KE Self-Reliance project (Kenya), retroactive data addition for DRR SIDAMA (Ethiopia), CRRF Urban Development Koboko and RED Save the Children (Uganda), SS Jobs Creation ITC (South Sudan), as well as data corrections from IP for ILED FIG AECF (Somalia) and CRRF ET Job Creation MC and DRR Amhara (Ethiopia), Youth & Women WE-RISE AICS and Acacia – Arabic Gum Value Chain in Sudan – Support (Sudan).
- The S1 2019 output reported here differs from the 9,366 beneficiaries reported in the previous infographic, which is attributable to major remapping revisions for RDPP ET Plan and RESET II ACF (Ethiopia).
- The S1 2021 output reported here differs from the 16,470 beneficiaries reported in the previous infographic, which is attributable to major remapping revisions for RDPP ET Plan (Ethiopia), RESTORE 2 DFN and RESTORE 2 WV (Somalia), SSRD FAO and TCF EA Ministry (South Sudan), and RISE ACF (Uganda), as well as data corrections from IP for ILED RAAISE FAO (Somalia).
- The S1 2022 output reported here differs from the 23,283 beneficiaries reported in the previous infographic, which is attributable to major remapping revisions for SSRD FAO, SS Women Empowerment DCA and SS Jobs Creation ITC (South Sudan), and RISE ACF (Uganda).
