

EUTF FOR AFRICA

The EU Emergency Trust Fund for stability and addressing root causes of irregular migration and displaced persons in Africa

The EUTF for Africa complements the long-standing and comprehensive partnership that the European Union and Africa enjoy together. Established at the Valletta Summit on Migration in November 2015, the EUTF for Africa was created to address the root causes of instability, forced displacement and irregular migration and to contribute to better migration management.

After more than three years, the EUTF for Africa has demonstrated its added value as a swift and effective

implementation tool which facilitates political dialogue with partner countries, applies innovative approaches and produces concrete results by pooling funding and expertise from a variety of stakeholders.

The EUTF for Africa is worth over **€4.7 billion**, with over 88% of the contributions coming from the EU, and around 12% from EU Member States and other donors. It benefits **26 African countries** among the most fragile and affected by instability, forced displacement and irregular migration.

EUTF PRIORITY AREAS FROM 2018

In April and September 2018, the Board of the EUTF for Africa agreed on the need to further prioritise future actions based on six priority areas:

- return and reintegration;
- refugees management (Comprehensive Refugee Response Framework)
- completing progress on the securitization of documents and civil registry
- anti-trafficking measures
- essential stabilization efforts in the Horn of Africa (in particular in Sudan, South Sudan and Somalia) and in the Sahel/Lake Chad region
- supporting migration dialogues.

The North of Africa window will continue contributing to an improved migration management by focusing, in particular, on supporting improved migration governance; supporting labour migration and mobility; protecting vulnerable migrants, voluntary return and sustainable reintegration, as well as community stabilization and integrated border management
